In selecting or purchasing your advertising space. By that we mean, don't insist on getting the best and paying the least money for it. There is such a thing as being too shrewd and too driving in concluding a contract. It has become a custom with some managers of mercantile institutions, to listen very attentively, admit every point. and then offer to close the deal at just one-half the figure quoted by the advertising agent. If the solicitor says, "that space with position guaranteed, will cost you \$1,000 for the year," the so-called shrewd bargain driver often says, "he will give you \$750 and close the deal at once." The result is, very often the solicitor goes prepared to drop in price, and o years after date with interces at the payment of said note of purchases.
